The Buchan School

In recently restored buildings on the King William's College site, The Buchan School offers a supportive and caring environment, where pupils are encouraged to develop their own individual talents. Our curriculum is unique with a strong focus upon academics: Art, Music, Drama, Languages and a range of Sports. Class sizes are small and our pupils are taught by subject specialist teachers throughout the curriculum to ensure that they reach and exceed their potential. The Buchan School has developed an excellent reputation for academic excellence and achievement in both sport and the performing arts. The School consists of three departments: Nursery, Pre-Prep (Reception to Year 2) and Prep (Year 3 to 6). We provide a broad range of opportunities for all our pupils, not only within the classroom, but also by taking full advantage of our incredible school grounds and the beautiful Isle of Man. At the Buchan, you will find a community buzzing with happy children, developing lively, independent and enquiring minds, guided and encouraged by outstanding teaching staff throughout the curriculum.

The Buchan Nursery

At The Buchan Nursery, we strive for the happiness of every child through a secure, friendly and caring environment. Nursery is where your child's education begins and a love of lifelong learning is established. Nursery education should be an extension of home life where children gain experience and confidence through play. We will work with you to provide the opportunities for your child to take the first gentle steps to making them independent learners. Our philosophy at The Buchan Nursery is to learn and play in a nurturing environment that provides the stepping stones for every child to fulfil their potential. At the Buchan Nursery, we recognise that every child is a competent learner and we endeavour to support children in becoming resilient, capable, confident and self-assured. We value the

diversity of individuals and recognise that children develop in individual ways and at varying rates.

Latin

Latin is an optional subject available in all year groups at the College and over recent years it has grown significantly in popularity meaning that at present there are students in every year studying the subject. Currently there are sets of 4-12 pupils in Years 7-9, with GCSE sets of 10 in Years 10 and 11. The Latin option in the International Baccalaureate Diploma Programme or Courses operates according to demand. There are currently 2 students in Year 12 and 1 in Year 13. The results, at both GCSE and IB, are consistently strong.

In the junior years, pupils work through Books 1 and 2 of the Cambridge Latin Course; this covers key grammar and vocabulary as well as translation passages and historical material drawing on life in Pompeii and Roman Britain. At GCSE, students follow the OCR Latin syllabus which includes a language module and the optional modules Prose Literature B ('Messalina' and 'Avunculus Meus') and Literature and Culture (Entertainment, Myths and Beliefs).

In the IB, students can opt to study the subject at either Standard Level or Higher Level and the course is broad, including both language and literature. Set authors include Ovid for Standard Level and Cicero for Higher Level. Students also read two companion texts which introduce them to works not commonly studied before university, such as Ovid's 'Heroides'. In addition, students complete a Research Dossier which is a collection of annotated primary source materials demonstrating an in-depth study of an aspect of classical language, literature or civilisation which piques their personal interest. Higher Level students complete a prose composition task which is externally assessed. There is a strong conversion rate for university, with one student per year since 2018 pursuing their enjoyment of the subject through degrees such as Classics and Classical Civilisation.

Latin is a member of the Languages Faculty. There is one Latin teacher in the school and, as such, they are responsible for delivering schemes of work for each year group which allow for continuous development of knowledge and understanding from Years 7 to 13.
